INTRODUCTION

MediCard
Prescribed by Doctors

MEDICARD is one of the Philippines' leading **Health Maintenance Organizations (HMO)**. As a managed healthcare provider, MEDICARD provides its members with a vast array of medical care services through a formidable network of healthcare providers: doctors, specialists, hospitals, clinics and dentists throughout the country.

Driven by its vision to be the country's preferred HMO service provider, MEDICARD has evolved from a company simply contracting third parties to provide medical services to you or your company's strategic partner, implementing a "customized-to-your-needs" healthcare delivery system.

Unlike medical insurance plans which merely provide indemnities for hospitalization, outpatient and emergency cases only, MEDICARD has taken healthcare a step further by providing hassle-free outright comprehensive medical coverage for services incorporating hospitalization, outpatient care, emergency medical care, preventive healthcare and dental services.

OUTPATIENT SERVICES

STEP1

You may visit any of the following:

- a. MEDICARD free-standing clinics (FSCs)
 - Call any MEDICARD FSC nearest you or visit <https://fsc.medicardphils.com> to request for an appointment
 - On your appointment date, proceed to the reception area and present your MEDICARD ID and appointment code

- b. Other accredited hospitals/clinics
 - MEDICARD Hospital Satellite clinics
 - MEDICARD Referral desks
 - HMO Concierge
 - Coordinator's clinic

STEP2

You will be issued a consultation form which you will present to the MEDICARD accredited doctor you were referred to.

STEP3

If the doctor advises you to undergo laboratory/ diagnostic tests, return to the satellite clinic, referral desk, HMO concierge or the coordinator's clinic and present the doctor's request form for approval.

STEP4

You will be issued a laboratory/diagnostic form which you will have to sign and proceed to the laboratory/diagnostic section of the hospital/clinic or you may opt to have them done in any MEDICARD Free- standing Clinic nearest you.

*MEDICARD FSCs are MediCard-owned clinics located in key cities.

AVAILMENT PROCEDURE

INPATIENT (HOSPITALIZATION) SERVICES

STEP1

Proceed to the admitting section.

STEP2

Present your MEDICARD ID and the admitting order from the MediCard-accredited doctor. Confinement shall be under the services of the attending physician and the MEDICARD coordinator.

STEP3

Your room assignment will be based on your MEDICARD program.

STEP4

If necessary, the attending physician or MEDICARD coordinator may also refer you to a MediCard-accredited specialist.

STEP5

The admitting/HMO staff will notify MEDICARD and provide all the necessary details.

STEP6

MEDICARD will issue a Letter of Authorization (LOA) once the availment is approved based on your program.

STEP7

Prior to discharge, submit a completed Philhealth Form and a certificate of contribution signed by your employer.

STEP8

Settle charges not covered by your MEDICARD Program.

AVAILMENT PROCEDURE

EMERGENCY SERVICES

IN MEDICARD ACCREDITED HOSPITALS

Proceed to the emergency room of any MediCard-accredited hospital.

Present your MEDICARD ID.

If you have been advised by the ER doctor to undergo any laboratory/diagnostic test or ER procedure, a hospital staff will secure an approval from MediCard.

In case you have been advised for admission, the ER doctor will admit you under the services of the MEDICARD Coordinator.

IN NON-MEDICARD ACCREDITED HOSPITALS

For emergency medical services in non-MEDICARD accredited medical facilities, members must first settle all payments and later file reimbursement from MediCard. MEDICARD shall reimburse eighty percent (80%) of the total bills, inclusive of professional fees, based on what would have cost had the service been rendered in an accredited hospital through the services of an accredited doctor, but not to exceed the amount of P5,000.

MEDICARD shall reimburse members for the medical services in non-accredited hospitals when it is verified that MEDICARD facilities were not used because to have done so would entail a delay resulting in death, serious disability or significant jeopardy to the member's condition or the choice of hospital was beyond the control of the member or the member's family.

AVAILMENT PROCEDURE

DENTAL SERVICES

STEP1

Set an appointment with your preferred Medi-Card-accredited dentist.

STEP2

On your scheduled appointment, present your MEDICARD ID for verification of benefits.

STEP3

The dentist or her secretary will inquire with MEDICARD through text regarding your dental care benefits.

STEP4

An automated reply from MEDICARD will be received.

HEALTH IS WEALTH BA 'KA MO? EH 1,998 LANG 'TO!

One-time payment lang 'yan ha. Sa MediCard RxER, may unlimited check-ups na ako, may annual physical exam, one-time oral prophylaxis at discounts pa sa surgeries at laboratory tests sa lahat ng MediCard free-standing clinics. Eto pa, maraming emergency assistance for trauma cases in all MediCard accredited hospitals nationwide, bukod sa up to P50,000 financial assistance in case of accidental death or injury.

Napakadaling mag-apply ng RxER. Bumisita lamang sa MediCard free-standing clinics at sagutan ang application form.

RxER is not a full HMO plan and does not include hospital confinement. Services may be availed at MediCard free-standing clinics and UROIC. Rules apply. For more details, please call: 884-9999 • 810-0205 • 810-0210
